

A multidisciplinary designer fuelled by creativity to innovate uniquely crafted work.

EXPERIENCE

ConSync Digital WordPress Developer

I handle all accounts falling under WordPress development. I ensure, not only user-friendly websites, but also create responsive, mobile friendly sites that not only our clients, but also their target market, will surely love.

March 2018 - Present

Freelance UI/UX, Web Development & Graphic Design

A one man team who designs and develop web experiences, graphic design that involves branding, advertising, and user interface for clients, while managing and organizing all aspects of the development process.

2013 - Present

Pulse Design Co. Co-CEO

I co-founded and functioned as a mix of both an art director, project manager as well as part of the design and development team at Pulse, a Metro Manila based start-up.

August 2017 - February 2018

Fourth Shift Global Inc. UI/UX Intern

As an intern in Fourth Shift's design team, I helped create CMS and website mock-ups that is not only visually appealing but also invests well on the user's interaction and experience with the system/product.

February 2016 - July 2016
